Subject: *Updated Link* FPT Crime Prevention and Policing Committee (CPPC) Ad hoc Meeting / Réunion ad-hoc du Comité F-P-T sur la Prévention du crime et la police (CPCP)

When: February 16, 2022 2:00 PM-3:30 PM (UTC-05:00) Eastern Time (US & Canada).

Where:

Agenda: (140 participants on this call)

Briefing on the Emergencies Act (IGA to Lead)

- CPPC, Transport Canada, Justice, PSC, Intergovernmental Affairs, POJs and PTs were represented on this call.
- Louise Baird, IGA—Emergencies Act (EA) declared due to blockades. Formal consultation is req'd under the EA. This happened on Monday morning and the input from premiers was considered in EA. Follow up was provided in writing to premiers following this meeting to provide rationale for invoking Act. Ongoing collaboration among FPT is anticipated.
- DM/IGA call planned tomorrow to keep dialogue open.
- Dominic Rochon—Proclamation order made public yesterday declaring public order emergency—powers to cabinet laid out. EA will not call in military, or limit Charter Rights or Freedoms. Overview of EA regulations, including emergency and economic measures, provided.

Situational Update (Public Safety to lead)

- Dennis Daley – All unlawful assembly disbanded in Coutts ALTA and Windsor ON and in BC.
- Communique issued to demonstrators in Ottawa. Tri-Command table of OPP/RCMP/Ottawa PS is working well.
- Michel Arcand- Economic measures--FINTRAC, bank accounts linked to person or company identified through FINTRAC are frozen by financial institutions. Indication of this measure to protesters is intended to dissuade them. Currently economic measures are only applied to Ottawa convoy situation. RCMP is working with law enforcement across country.
- Samantha Dickson – EA measures are intended to fill gaps in enforcement / other safe guards and are not intended to overtake. Law enforcement and economic measures will be tabled tomorrow. Proclamation document needs to be tabled within 7 days of being issued. Proclamation will be debated when tabled, where it can be extended, revoked or amended.

- Marlin Degrand—another question about authorities of police—seeking to confirm that designating a site or facility as critical infrastructure at risk is not dependent on illegal assembly. New measures do prohibit unlawful public assembly. Designated critical infrastructure may be protected and secured now/in advance of public assembly. Includes any kind of government building.
- ON (Rick) asked about the process for freezing/unfreezing assets/accounts.
FINTRAC Canada—On process—information about people and companies attached to illegal protests is shared with financial institutions. Financial institutions are responsible for finding and freezing associated accounts. The timeframe for freezing accounts linked to new information from enforcement. Two prong approach. RCMP or others POJs share information with banks. Banks also have information. Positive obligation of the bank to review new information from account holder. Financial institutions validate new information with RCMP and may restore access to accounts if substantiated. FINTRAC can also stop the exchange of cryptocurrency.

Discussion of Strategic Enforcement Strategy (Transport Canada to lead)

- CBSA identifies, 22 POEs nation-wide, that if impeded would impact trade. Trade corridors leading to these POEs are being secured working closely with POJs to ensure the integrity of essential transport routes are maintained. Working closely with section 6 owners and providing guidance to CBSA.

- Security Offences Act was raised. Canada responded that currently in matters of national security, RCMP have lead role, but not exclusive role.
- Constituency offices are at risk too. Public assembly leading to breach of peace (s.2(1) gives power to POJ to intervene— it need not be designated critical infrastructure. These offices would not be designated as critical infrastructure, or constitute a government building. Objective is not to deter lawful assembly and right to protest and freedom of speech.

Roundtable (FPT ADMs to lead)

- PTs may be able to provide information to support federal reporting within 7 days (proclamation tabled at parliament for vote). Public Safety and Privy council noted this offer.
- Another meeting with smaller group set for next week.

Vous trouverez les documents joints, et un ordre du jour ci-dessous.

Ordre du jour :

- Information sur la Loi sur les mesures d'urgence (IGA)
- Mise à jour de la situation (SP)
- La discussion de stratégie d'application stratégique (TC)
- Table ronde (SMAs FPT)
